WHO ARE WE?

Hi, I'm Andre!

A passionate storyteller dedicated to capturing and crafting unforgettable moments. My journey began at the age of five when I discovered my love for filmmaking using the medium to document my life and experiences throughout my teens. At 18 I made the bold decision to move to England, leaving everything behind, driven by my ambition to achieve my dreams. This leap of faith paid off when I earned my first business video award at 19, paving the way for incredible opportunities to work with prestigious brands such as Audi and Lexus. With over a decade of experience in videography and media production my mission is to create high-quality, visually stunning media that connects with your audience and inspires others to tell their own stories. Whether I'm capturing your wedding day, showcasing a property or producing promotional content for your business.
